What Does NMNWSE DO?

• Networking & Mentoring
  We encourage and help women enter and succeed in non-traditional careers. We nominate network members for awards. In 2007 we initiated the annual IMPACT! Award to recognize New Mexico women who further the goals of the Network.

• Professional Conference
  Our Annual fall meeting and Technical Symposium provides an opportunity to present technical papers in a supportive environment. It also provides professional development and networking opportunities.

• Chapters
  Local chapters promote networking and communication among members by providing regularly scheduled meetings, talks, and other local activities.

• Expanding Your Horizons™ (EYH)
  Licensed by NMNWSE from the EYH Network. We encourage young women to enter the fast-growing high-technology professions by sponsoring EYH. These conferences are designed to provide career information to 5-12th grade students and their parents, teachers, and counselors. The emphasis of EYH conferences is communicating the excitement and challenge we experience in our work through "hands-on" career workshops, panel discussions, and interaction with professional role models who share their experiences and give practical advice. Check our website for conference dates, locations, and grades served.

• Career Information Booklet

• Science Fair Awards
  NMNWSE special awards are given to encourage young women to continue their interests in math, science, engineering, technology, and allied professions.

"Winning the Prize [1963 Nobel Prize in Physics] wasn’t half as exciting as doing the work itself."
— Maria Goeppert Mayer
Membership categories:

- Professional $40.00
- Donor-Match $40 Work Donations
- Affiliate $0, 1st Year Volunteer member
- Student / Teacher $10.00

    - EYH conference
    - speakers
    - administrative or editorial help
    - one-time support tasks
    - Updating/adding chapter to careers book

Who are NMNWSE Members?

- We are a group of women scientists, mathematicians, engineers, educators, managers, community leaders, and parents, most of who live and work in New Mexico.

- Members in local chapters around the state are dedicated to encouraging young women to enter science-based fields and to providing supportive activities for women professionals in non-traditional careers.

- Members get together to share common interests, to celebrate our successes, and to learn about each other’s work.

Why Should I Join NMNWSE?

- Meet other women in technical areas
- Network for career development and support
- Mentor/Role Model - Find one; Be one
- Share common interests
- Broaden horizons
- Develop skills
- Add to resume
- Reduce sense of isolation
- Make great friends in the process!

Science is Women's Work

We are a group of women scientists, mathematicians, engineers, educators, managers, community leaders, and parents, most of who live and work in New Mexico.

Members in local chapters around the state are dedicated to encouraging young women to enter science-based fields and to providing supportive activities for women professionals in non-traditional careers.

Members get together to share common interests, to celebrate our successes, and to learn about each other’s work.
