

IMPACT! AWARD

2023 Nomination Form

The New Mexico Network for Women in Science and Engineering, in cooperation with the NM Commission on the Status of Women initiated the NMNWSE **IMPACT! Award** in 2007 to recognize the contributions of women in New Mexico. This fall, the **17th Annual IMPACT! Award** will be presented to a New Mexico woman for her extraordinary efforts in furthering the goals of the Network. These goals include encouraging and helping women enter and succeed in Science, Technology, Engineering and Math (STEM) and related nontraditional careers and promoting networking and communication among women in these careers. The honoree will be recognized during the NMNWSE Annual Meeting and Technical Symposium, which will be held in 20-21 October 2023 in Albuquerque, NM.

2023 NOMINATION DEADLINE: Friday, September 8

* Nominations received after the deadline will be considered for next year's award

Guidelines for a successful nomination:

IMPACT! Award judges use the following weighting system as a guide for assessing and ranking the quality of the nominees. Candidates are judged on the merits indicated in the submitted nomination packet as NMNWSE does not have the resources to solicit additional supporting materials. Please ensure your packet is as strong as your nominee's **IMPACT!** If you have any questions regarding the nomination or judging process, contact the NMNWSE **IMPACT! Award** Chair or the NMNWSE Board. Thank you for taking the time to nominate one of the many outstanding New Mexico women whose **IMPACT!** deserves recognition.

The New Mexico Network for Women in Science and Engineering began in 1975 with a core group of faculty and staff from UNM wanting to reach out to women in science as a group. Incorporated in 1979, the Network works to encourage and help women enter and succeed in Science, Technology, Engineering and Math (STEM) careers and promote networking and communication among members by providing regularly scheduled meetings, talks and other local activities. About 1000 teens each year attend our technical career workshops. Our Annual Meeting and Technical Symposium provides members an opportunity to present technical papers in a supportive environment as well as professional development and networking opportunities.
